

KOHLER® Showers

Combining beauty and affordability

THE BOLD LOOK
OF **KOHLER**®

Experience the Long-Lasting Benefits of a **KOHLER® Shower**

Imagine feeling like you're stepping into a spa every time you take your morning shower. KOHLER showers let you do just that. Thanks to a low threshold, KOHLER showers allow you to enter and exit your shower with ease. Stand or sit, with a KOHLER shower you have the freedom to do either, and you can configure shower controls to be comfortably within your reach. Plus, you can shower in confidence with help from a fixed handrail and a slip-resistant surface.

Durable Materials for Long-Lasting Beauty

We manufacture our shower walls from a proprietary composite material engineered to the highest standards of performance.

Low-Maintenance Shower Walls

The joints in our showers leave minimal seams for a finished look that conceals the silicone and makes it easy to clean the shower walls.

Design Features You Expect From Kohler

We offer shower walls in a range of colors, patterns and textures, and thoughtfully designed storage options to organize your shower items.

Accessories to Personalize Your Shower

We offer a range of accessories including grab bars, shower seating and adaptable faucet configurations.

Safety-Focused Features

Our showers offer a low-threshold height for easy access, a textured slip-resistant surface to help prevent slipping and a storage feature that doubles as a support rail.

Quick, Professional Installation

A Kohler-certified specialist will install a beautiful KOHLER® shower in your home in about a day. The shower fits in the space of your existing bath without the need for a full remodel.

Enjoy safety and comfort on your terms with a KOHLER shower.

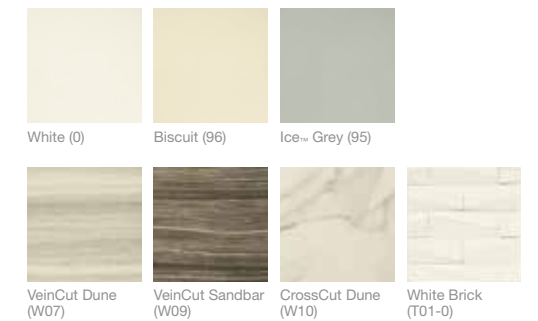

Make just one call to 1-800-397-1654.

Create your own KOHLER Shower

STEP 1: CHOOSE A WALL KIT
